

FIRE DESTROYS MONTEREY'S CHINATOWN

FEW BUILDINGS ARE LEFT BY THE FLAMES

Much Damage Is Done by Conflagration Which Lasts for Hours.

MONTEREY, May 17.—Chinatown, whose population had been much augmented by refugees from San Francisco, was last night completely destroyed by fire. This morning less than a dozen houses, including the principal josshouse, remain habitable. The combined efforts of the fire departments of Pacific Grove, Monterey and New Monterey succeeded in twice temporarily checking the flames, but a strong wind carried the fire until everything combustible was burnt.

ATTEMPT TO LOOT THE SUB-TREASURY

SAN FRANCISCO, May 17.—A daring attempt to loot the United States Sub-Treasury, located on Commercial and Montgomery streets, was foiled last night by soldiers from Company G of the Eleventh Infantry. The soldiers were detailed to guard Uncle Sam's treasure box and they claim that their fire was returned by the men, who were attempting to loot the safe in the building. The duel between the guards and the supposed looters took place at 11:30 o'clock last night. Six men from Company G were detailed to guard the treasury last night, three men being placed on either side of the place. At the time mentioned, the men stationed on the commercial street side saw they noticed a man attempting to reach the entrance of the building. He was ordered to halt, but instead, started to run, whereupon a guard fired at him. The bullet did not take effect, and the guards gave chase, leaving their one fellow continued to run. Two of the

SCHOOL BOY IS KILLED BY ELECTRIC CAR

Christopher Cahill of 615 Fourth street, aged about twelve years, was ground to death today under the wheels of an electric car at the corner of Fourth and Broadway at 12:50 this afternoon. The boy, it is said, was jumping on and off the car selling his papers. He is believed to be the lad who was crippled, having lost one arm.

WANT TO CLOSE THE SALOONS ON SUNDAY

The Royal Arch, the official organization of saloon men, will hold a regular meeting in Germania Hall on Webster street between Sixth and Seventh, this evening for the purpose of discussing the situation in Oakland. It is stated that the leaders in this organization are in favor of having the saloons of Oakland closed on Sunday. The men who are in favor of this proposition have a strong following in the Royal Arch, and when the matter comes up tonight it is stated that there will be enough votes to carry the proposition. It is probable that an application will be made to the City Council by the Royal Arch asking that an ordinance be passed closing the saloons of Oakland on Sunday. The matter is of great importance to the saloon men of Oakland, and will be fully discussed at the meeting to be held before any final action is taken.

BRAVE CLERKS SAVED SHIP AND CARGO

Cut Vessel Loose From Dock and Took Passage on the Derelict.

SAN FRANCISCO, May 17.—The saving of the ship Edward May, loaded with 500 tons of kerosene, during the recent disaster, by Paxton Wright, purchasing agent for the big commercial house of Alexander & Baldwin, and E. Lance, one of the bookkeepers, now that the smoke has cleared the visions of men who take note of affairs, is being talked of along the waterfront as one of the notable achievements of two determined men who, while others were taking care of their own personal belongings, were still watchful of their employers' interests.

SHIP AT THE DOCK. The ship belongs to Alexander and Baldwin, and was lying docked at the Greenwich street wharf when the fire got down to that portion of the city. The sailors had gone and only by chance was it that Wright and Lance happened to pass along the docks when they saw the ship's deck smoking and knew that a spark down in her hold would mean not only the loss of the vessel, but the starting of a terrible blaze in a new quarter. The wind was driving the cinders on to the docks at this place and regardless of their own personal safety they boarded the vessel, and with a small patent fire extinguisher they labored until the blaze among some smoking ropes was subdued.

SEARCHED FOR A TUG. Then they went in search of a tug to have her hauled into the stream, but what men with wagons and horses would not do on the uplands the men along the waterfront would not do with their vessels. Not a tugboat captain would heed their appeals and advised that the vessel be cut adrift and let go to her doom where she would. Again the men returned to the vessel and found her smoking at a dozen different

places, and again the fire extinguisher was resorted to. While one pumped the other played the hose, and at times hidden in volumes of smoke that the wind drove down upon them, they still kept the decks clear and the cargo of kerosene safe in the hold.

PASSAGE ON DERELICT. Finally in desperation the men untied the vessel and took passage on the derelict. Neither were sailors and did not know one rope from another, but they pushed and pulled until the vessel was caught by the running tide and began to move. She, however, swung around and then became fastened between the piers and apparently was destined to be food for the flames.

APPEAL FOR HELP. They were still working, however, when Wright saw the tug Dauntless, in charge of a United States officer, and he cried out to him, "For God's sake, throw us a rope and tow us out into the stream!" His appeal was heard and suddenly the propeller of the tug began to churn the water, stopped and then came up to the vessel. There was much astonishment and many comments when it was discovered that two landlubbers were in charge of such a craft, but when informed of the nature of the cargo in her hold no further time was lost in parley. A hawser was made fast to the hip and a pull from the tug and she was wrenched loose from her position and in twenty minutes was well out of danger and her anchors dropped in deep water.

Asked about his experience Wright attempts to make little of the work he did. He admits the loss of his personal belongings in the offices of the company, for which he works, and which he might have saved, but declares that it is no more than hundreds of others did in the time of the city's great need.

ST. PETERSBURG, May 17.—Public opinion is greatly excited as to how the Emperor and the Government will meet the defiant attitude of the lower house of Parliament. Many Constitutional Democrats are not convinced that the Government will seek a compromise. They see indications that the bureau cracy is preparing for a desperate fight. The Reich, their organ, still considers it possible that an attempt may be made to disperse Parliament, and also prints a rumor that Count Witte is trying to bring about a coup d'etat which would result in his being appointed a dictator, backed by the

Council of the Empire. The scheme most favored by the bureaucracy is to allow Parliament to formulate its demands and ventilate its grievances for two months, and then dissolve Parliament. Notwithstanding this reactionary talk, the far-sighted realize that such a step, in view of the great agitation in the country, would be fatal, and that the Government's only chance is to compromise with Parliament. This certainly is the Emperor's present intention. The cabinet, however, made a bad start in this direction. Had its members immediately begun proceedings in the debate and manifested a disposition to meet Parliament in a conciliatory spirit, they might already be on the road to rapprochement. The debate on the reply to the speech from the throne was resumed when Parliament met today. Some of the members are already showing signs of impatience as a result of the endless stream of talk. Paragraphs demanding the removal of martial and other exceptional laws and the abolition of the Council of the Empire were passed without amendment.

WASHINGTON, May 17.—In the House, the previous question having been ordered on the naval appropriation bill, and notice having been given that the yeas and nays would be demanded on amendments inserted in the bill during its consideration, the House proceeded with the final disposition of the measure. When the amendment that any bid for the construction of any of the vessels provided for in the bill upon the Pacific Coast shall have a differential of four per cent in its favor, which shall be considered by the Secretary of the Navy in awarding contracts for the construction of vessels, was submitted, the Pacific Coast delegation got busy. The vote was so close on final roll call that the chair ordered a recapitulation. Before the chair announced the vote Messrs. Haughen of Iowa and Thomas of Ohio changed from "no" to "yea," and the Pacific Coast delegation read their little clear, the final vote being yeas 121, nays 117. Amendments having been disposed of, the bill was passed.

A SCENE OF ACTIVITY IN THE PRESENT BUSINESS CENTER OF SAN FRANCISCO.

ALL AGREEMENTS MADE ON FIRE LIMITS

SAN FRANCISCO, May 17.—The committee which has had in hand the matter of the proposed new fire limits in the city together with the kind of buildings to be erected practically completed its work this morning and an ordinance to be passed by the Board of Supervisors in the next few days will be drawn and submitted to the board. Provision was made this morning for the erection of galvanized iron buildings on wooden frames in two small localities within the fire limits. This provision was made in order to accommodate a few iron foundries the owners of which protested that if they were forced to erect fireproof buildings they could not start up work for a long time to come.

For the purpose of defining these limits F. H. Porter, representative of the Board of Fire Underwriters, was requested, at yesterday's meeting to investigate the matter and propose boundaries, within which such buildings should be allowed and so make his report at today's meeting. In making his report Mr. Porter said:

"It is almost against my best judgment that this concession is made on account of the few people to be benefited while the rates of insurance will find that this would pay the interest on a pretty big mortgage."

"However, as I was only asked to fix the boundaries, I would report that the district near North Beach begin at Powell at the water front, thence along Powell to Chestnut and back to the bay shore. This makes a small district comprising a few blocks but covers the land of the protesting property owners."

"The other district should begin at East street and go up Howard to First street, along First to Folsom and back to East street."

With these two exceptions practically all of the water front from where Montgomery avenue intersects the bay to Townsend streets is to be included in the fire limits and the class of buildings to be erected there to be restricted to the four classes of fireproof buildings agreed upon at yesterday's meeting.

SEEKS TO GAIN CONTROL OF STANDARD OIL

WASHINGTON, May 17.—Pipe-lines were the first things taken under discussion when the Senate resumed consideration of the railroad rate bill today. Senator Beveridge presented, but later withdrew, an amendment to include pipe-lines carrying gas. Senator Lodge said he cared little about the gas provision; what he wanted was to control the Standard Oil Company, which "has the oil business of the country by the throat."

Senator Taliaferro presented an amendment excluding only natural gas for municipal use from the provision making pipe-lines common carriers.

BRANDED AS 'LIAR'

Senator Bailey Makes a Reply to His Enemies.

WASHINGTON, May 17.—Senator Bailey in the Senate today by having read a letter he had written to ex-Senator Chandler, asking him for an answer to the had written the President concerning himself and the replies from Chandler including a copy of Chandler's diary giving a history of his movements on the day when a certain memorandum was sent to the President.

Senator Bailey quoted from the New York Tribune and charged the paper in its Washington correspondence with "modifying its lies."

He referred to the report that memorandum was circulated among Democratic Senators; this he denied, but he charged that the President yesterday showed the memorandum to a Republican Senator and to a Republican member of the House. He said that the Chandler memorandum impugned no bad faith to him, nor even the railroad Senators.

Senator Bailey declared that the President did not doubt his (Bailey's) good faith because three days after the memorandum the President through Chandler, asked him to confer with the Attorney General on the subject.

Mr. Bailey took up the reply of the Chicago Tribune correspondent to his denunciation yesterday and said that it did not meet the situation. He quoted from it and intimated that the assertions the correspondent made were based on information obtained from the President or some one near him.

Mr. Bailey said that he had been charged with being impetuous, rash and dictatorial, but no one had or could charge him with double-dealing. When such a charge was made he would brand across the forehead of the man making the charge the word "liar."

NEGRO ASSAULTS SEVEN-YEAR-OLD CHILD

Captured almost in the act of an atrocious crime against seven-year-old Grace Phom, the daughter of Mrs. Millie Phom, Charles Wellons, a burly negro, was arrested last night, and charged at the police station with felonious assault. For several days the negro has been noticed loitering around the Phom home at 1161 Seventh street, and when he was seen by neighbors leading little Grace into a barn at 803 Union street, they at once gave the alarm to the parents of the child and notified the police.

Officer Fahy hurried to the scene, and caught the brute just after he had released the child. It was learned from the little tot that the negro had attempted to drug her with liquor.

Fearing that if people in the neighborhood learned what had occurred his prisoner would be lynched, Fahy hastened to get the negro to the West Oakland lockup, and had him brought to the city prison. The mother of the child, frantic with fear, took her daughter at once to her home and summoned Dr. Reins, who after an examination, declared the little girl to be uninjured.

Mrs. Phom this morning swore to a complaint charging Wellons with battery, as there were no eye witnesses and it was feared the testimony of the child would not be strong enough to convict on a more serious charge. He will be arraigned tomorrow morning.

The negro, who is forty-two years of age, declared that the child had followed him into the barn, and said that he was innocent of any attack upon her. The condition of the clothing worn by the little girl, however, proves that the negro is lying in his statement, and the neighbors who gave the alarm declare that he was leading the child by the hand when he entered the barn.

Mrs. Phom this morning declared that she would leave nothing undone to secure the punishment of the brute for his crime.

Wellons claims to be a refugee from San Francisco, and has been sleeping recently in the barn where the assault took place, and where he has a cot.

LIVELY ELECTION OF DIRECTORS

VOTING WAS SUCH THAT RESULT IS STILL IN DOUBT.

It has not yet been officially decided whether W. H. Welby or F. J. Lea shall be the twenty-first director of the Chamber of Commerce. The ballots cast Tuesday were canvassed yesterday at a meeting of the Board of Directors.

At this meeting there were present Mayor Frank Mott, Mr. Auditor A. H. Tread, E. A. Brown, W. H. Welby, Hugh Hogan, H. C. Capwell, H. B. Gier, Henry Cushing, Frank W. Tilson, Ed Kahn, Edna Moore, Ed Frank, J. Adams, P. A. Lewis, Jr., Supervisor John Mitchell, C. J. Heese, President Edson F. Adams.

It was found that eighty-seven ballots had been polled. Of these the regular ticket with the name of W. H. Welby thereon received thirty-six straight votes, the F. J. Lea thirty-three votes straight. Of four scattered ballots, one scratched Welby for Lea and Theodore Gier for W. N. Jenkins, one scratched Hugh Hogan for Dr. H. S. Thomas. The four were counted.

There were twenty ballots cast, on ten of which were cumulative votes, and two had but twenty names each, while the by-laws require that twenty names must be voted for on each ballot.

On two of the ten ballots the name of Edson Adams and W. H. Welby had been scratched and H. C. Capwell's name written in; on three ballots the name of W. H. Welby's name appeared twenty-one times; on one ballot Mayor Mott's name was scratched and that of J. A. Barlow voted; on three ballots the name of Lea substituted twice, giving him six votes if counted. One ballot contained the name of C. J. Heese twice in place of Adams and Welby, scratched.

The irregular ballots of twenty names were challenged by Frank Biber and all cumulative ballots were challenged by J. C. Downing, that the question of their legality might be submitted to Attorney Charles G. Strick for decision.

AIRIE TO MEET.

ALAMEDA, May 17.—Alameda Airie No. 107 will meet this evening and elect.

OFFICIAL RETURNS.

ALAMEDA, May 17.—A meeting of the Citizens Street Club has been called for next Friday at 8 p. m. to be held at the residence of Captain Eschler. The meeting was put off owing to the absence of its vice-president, J. J. Loop, who has now returned from his trip to Hayti.

THEFT REPORTED TO POLICE

Mrs. Stauber, of 251 Bay Place, reported to the police this morning that burglars had entered her home through a window yesterday and had stolen a purse containing \$10.

H. Mykani, proprietor of a Japanese bath house at 619 Seventh street, is mourning the loss of \$131, which was stolen from him by a white man, who came to the place to take a bath yesterday and stole a purse containing the money when he left. The theft was reported to the police.

George Reid, residing at 403 Seventh street, reported the theft of two valises containing a quantity of clothing valued at \$20 from the hallway of the above address, where Reid was sleeping last night.

Frank Shuster reported to the police that a valise containing clothing belonging to him had been stolen from the Alameda Mission at Broadway and Eighth street.

William Milton reported the theft of a suitcase from room 83 at the Galindo Hotel. The case contained a quantity of clothing.

Edward Moore, of Third and Franklin streets, reported to the police this morning that a dirt wagon, valued at \$65, belonging to him, had been stolen from a lot at First and Franklin streets.

L. Morrison, proprietor of a clothing store at 553 Broadway, reported to the police that a quantity of clothing had been stolen from his store yesterday.

E. J. Walstrom reported that a saw had been stolen from him yesterday in front of a local candy store.

Burglars entered the store rooms of A. Harty & Co., in the Glenwood, yesterday, and stole a quantity of ladies' clothing. The burglary was reported to the police.

Mrs. Nesbitt, an aged woman who is slightly feeble minded, was taken to the police station last night to be cared for until her son, William Nesbitt, can be located. A woman who knows Mrs. Nesbitt says that the family formerly resided on Stockton street, between Green and Vallejo streets, in San Francisco.

D. Bencich, of 68 San Pablo avenue, reported that a gold medal set with a diamond had been stolen from him yesterday.

ACCUSED THIEF PLEADS GUILTY.

John Berry, charged by Boschetti Mateo with having stolen a valise containing a considerable amount of clothing from the trunk room of the Colombo Hotel at Second and Broadway, pleaded guilty to a charge of petty larceny this morning, and was sentenced by Police Judge Smith to a term of sixty days in the city prison.

INTERFERES, THEN GOES TO HOSPITAL.

John Abbott, a laborer, 65 years old, says he will not interfere again when a woman is being abused, unless he has a club.

He lives on Broadway, between Third and Fourth streets, and last night he heard his landlady, an unknown woman, and an unknown lodger in a heated altercation over room rent. The old man took a voice in the controversy and when he recovered he went to the Receiving Hospital, where Warden Page took two stitches in a cut over the eye and treated an abrasion of the jaw, inflicted by the lady lodger's fists.

NEW RAILROADS FOR ARABIA.

It is proposed to build two new railroad lines into the interior of Arabia. The difficulties of the Turkish government with the Arabian insurgents has resulted in official plans for a railroad from Hodeidah on the Red sea to Sannaa, 200 miles eastward, where the 75,000 Turkish troops make headquarters. A French engineer corps under an armed escort of 100 men is now making the surveys for the government. Sannaa, the largest city in Southern Arabia, has a civil population of 75,000 and is the center of the rich country known as the Yemen or Arabia Felix. Here the famous Mocha coffee is grown, and large quantities of sheep and goat skins and various gums are exported.—Railway and Engineering Review.

ON account of the damage to my office in the Central Bank Building, caused by the recent earthquake, I have moved to rooms 18 and 17, Dejeu Building, corner of Fourth and Broadway. Dr. J. F. O. McManis, Dentist. Same Phone, Oakland 449.

CLEW TO IDENTITY

SEATTLE, Wash. May 17.—A clue to the identity of the two young Eastern prospectors who died of thirst in the desert and whose bodies were found at the foot of the Funeral Range in Death Valley, as told in a dispatch from Caliente Nev. Tuesday was furnished by W. E. Wilson, a traveling salesman of this city.

Mr. Wilson states that it is probable the men were from Louisville, Ky., as they were wearing trousers according to the dispatch with the label of "Walshe & Taylor" who Mr. Wilson declares is a tailor of Louisville.

LOU DILLON ANGELS WIN FIGHT IS ON BY OTHERS' ERRORS

NEW YORK, May 17.—John J. Adams counsel for E. E. Smathers in the suit brought against Smathers by the Memphis Trotting Association to recover \$3500 damages, the value of the gold cup won by Major Delmar in October 1904 asked Justice Blatchford in the Supreme Court yesterday for an order permitting him to inspect affidavits made by George Speed and Edward Sanderson in behalf of the association.

The suit is based on the complaint made by Murray Howe, the secretary of the association, it being alleged that Lou Dillon, the promoter of C. K. G. Billings had been drugged at the instance of Smathers. Adams said that Howe in his complaint referred to these affidavits but did not say what their contents were and that in order to frame a proper answer it was necessary to see the affidavits before the adjournment of the committee which is taking the case from New York to Memphis.

John F. Cleeon on behalf of the trotting association opposed the motion on the ground that before the adjournment to inspect the affidavits made by Mr. Adams and Mr. Sanderson to him and had been returned to the office of Paul Hatch and now by one of his sons, the affidavits of Mr. Howe in a letter to the court.

It was adjourned until tomorrow.

RUSSIAN POLICE OFFICIAL SHOT AND KILLED

YOUNG GIRL
IS AVENGED
DEATH IS PUNISHMENT
METED OUT BY HER
FRIEND

TAMBOFF, Russia, May 17.—Zhanoff, a police officer who participated in the brutal maltreatment of Maria Spiridonovo, was shot and killed on the streets here today by an unknown person.

The avengers of the young revolutionist recently meted out the same fate at Borissegliensk to Abramoff, the Cossack officer who boasted of his cruelty to her while she was in prison.

Maria Spiridonovo, the young daughter of a Russian General, shot and killed Chief of Police Luzheonoffsky of Tamboff. She was condemned to be hanged, but her sentence was commuted to twenty years' imprisonment. The girl was terribly treated in prison, immediately after committing the crime, by Abramoff and another Cossack officer.

MISSIONARIES
IN SESSION

KANSAS CITY, May 17.—Missionaries from far and near, at the last sessions here today of the missionary convention of the Methodist Episcopal Church, told of their work in various fields. Several of those on the program for addresses today are men and women of note in the church's work of evangelization. They included Dr. George B. Smythe, of San Francisco; Rev. Robert Ward, of India, who told of the famine relief in the Baroda camp in that country; Mrs. F. D. Camewell, a missionary stationed at Pekin, China; J. L. McLaughlin, of Manila; S. Earl Taylor, of New York, who spoke on Sunday School work; Bishop C. D. Foss, of Philadelphia; Dr. A. B. Leonard, one of the secretaries of the missionary board, and Dr. William Edgar Gell, of Boylestown, Pa., author and explorer.

Dr. Gell, who has in the past five years explored portions of Africa and other wild countries, traveling 125,000 miles, announced that in next December he would go to China and explore the country along the great wall, taking in the great Gobi desert in Central Asia. He also would, he said, extend his travels into the Lake Balkal district in an endeavor to settle some of the disputed facts as to the character of that part of the East.

SOLDIERS ACCUSED
OF DRUNKENNESS.

That some of the saloon keepers of the city are violating the rules of the city and county regarding the sale of liquor to soldiers in uniform was proven this morning when William Adler and C. Harris, members of Company C, First Regiment, N. G. C., created such a disturbance at the Oakland mole that State Policeman Brown was forced to arrest them. Brown charges that they were using vicious language, insulting women and trying to pick quarrels with male passengers. He says they were maudlin and he will place charges of drunkenness and disturbing the peace and using vulgar language against them. They are now confined in the county jail.

DISTRES THE PEACE;
SENTENCE IS 3 MONTHS.

Annie Jensen, whose frequent arrests for malicious mischief have earned her the title of the "window smasher," tried to purchase liquor at a saloon in Emeryville last night and she will spend the next three months in the county jail. She did not smash any windows this time, but she became violent in her abuse of the saloon man who refused her liquor that Marshal Carey arrested her for disturbing the peace. She was sentenced by Justice of the Peace Quinn this morning.

INFORMAL RECEPTION.

Mrs. Mary Fairweather of San Francisco is the guest of Mrs. George Perry at her home in Alameda and tomorrow afternoon, Mrs. Fairweather will receive her friends during the afternoon at the attractive home on Willow street and San Jose avenue.

PRESBYTERIAN
CONVENTION

DES MOINES, Iowa, May 17.—Dr. James D. Moffat today called to order the one hundred and eighty-ninth session of the General Assembly of the Presbyterian Church in America. Nearly the entire body of commissioners, numbering 750, and their alternates, of equal number, together with many more interested persons, filled the auditorium. In the audience were representatives of more than a dozen nationalities.

There is a good natured contest on for the honor of moderator. Des Moines is making a campaign in the interest of Dr. A. B. Marshall of Minneapolis, formerly of Des Moines. There are seven candidates in the field. Hunter Corbett returned missionary from China, appears to be the favorite.

MAKES A DENIAL.

ST. PETERSBURG, May 17.—The Slovo today printed what purported to be a statement of Ambassador Meyer criticizing the action of Parliament and the opening ceremony at the Winter Palace. The Ambassador has authorized the Associated Press to deny in the most emphatic manner that he included in any criticism whatever. He said the alleged statement was made out of whole cloth.

IN THE KITCHEN.

Wife.—Well, John, I don't see how I can suit you. You don't like my cooking, and you have complained of every cook I have hired. I can't let one to suit.

Husband (stammering).—You could if you went after the right one.

Wife.—That's all you know about it. I telegraphed your mother yesterday, offering her \$10 a week, and she declined to come.—The Bohemian.

Piles Cured

As Easily As A Cough; Painlessly, Quickly and Without Cutting.

Trial Package Mailed Free.

The agony and suffering in piles is so great that if a surgical operation was a certain cure (which it isn't) and there was no other means of relief some persons might be willing to take the chance of blood poisoning or lockjaw.

But now that the Pyramid Pile Cure has been discovered and has been proven to be a quick and certain means of relief and lasting cure, there is no excuse for risking your life.

Does Pyramid Pile Cure give immediate relief? Does it cure? Try it and prove it to yourself as thousands have done before you. Then go to your druggist and get a 50 cent box and complete the cure.

Pyramid Pile Cure will cure you and do it with a certainty and a rapidity that will astonish you.

Take, for example the case of Mr. Benjamin Shaw, Postmaster of Bland. We quote his own words in his letter of Oct. 31, 1905: "I was in great agony of mind and body. In the meantime, a gentleman told me of the virtue of your Pyramid remedy. I fortunately found it at a drug store, and by the next morning I did not feel that any operation was necessary, and in three days I was able to return home, and a complete cure was accomplished to my great satisfaction and the surprise of the physician."

For a trial package, send your name and address to the Pyramid Drug Co., 4051 Pyramid Building, Marshall, Michigan, and you will get a trial package by return mail. No marks.

WOMAN IS SAVED FROM GALLOWS

Here is a character sketch of Mrs. Anna Valentina who has been saved from death on the gallows. She was to have been hanged on May 25th, for the murder of a woman. Her sentence has been commuted to life imprisonment.

ment. This sketch was made when Mrs. Valentina was confined in a New Jersey jail.

TRENTON, N. J., May 17.—The Court of Pardons, today commuted the sentence of Mrs. Anna Valentina to life imprisonment. Mrs. Valentina was under sentence to be hanged at Hackensack on May 25th for the murder of Rosa Salva.

TOWN GUARDED
BY SOLDIERS

COEYMAN, N. Y., May 17.—This village slept under military guard last night for the first time in its history. The Second battalion of the Tenth regiment, called out yesterday by the request of Sheriff Pitts of Albany county, is encamped on the bluffs overlooking the brickyard of Sutton & Suddery. It was upon these yards that the striking Italian brickmakers, 500 strong, yesterday made an armed attack, resulting in the serious wounding of three men, one of whom was perhaps fatally hurt.

The soldiers are guarding the houses of the employers, and every approach to the scene of trouble, and the villagers last night had the novel experience of being halted in the streets and required to account for themselves at the point of the bayonet.

The strikers are in an ugly mood and the people are fearful of acts of reprisal.

DRAINAGE INVESTIGATIONS.

BERKELEY, May 17.—Drainage investigations by the irrigation experts of the University of California, headed by Samuel Fortier, the engineer in charge of the Pacific Coast, have begun work in the northern part of the Sacramento Valley, and will ascertain how much water will be required to improve conditions in the vicinity of Orland, which has a particular soil an climate.

This work is under the supervision of the department of irrigation of the government, and in the anticipation of larger projects will be later undertaken by the reclamation service. That portion of the valley will be irrigated from the reservoirs located in the Coast Range. The irrigation experts are confining their attention to a study of two canals controlled by private enterprise, the Central and Stony creek canals, investigating the sources of the supply and the amount of water found necessary for irrigating a definite area.

Much of this land is now irrigated by pumping from water bearing gravel about fifteen feet beneath the surface, especially on the sugar beet land, which is increasing in extent at a rapid rate.

CONSIDER QUESTION
OF TAKING ACTION

PEKING, May 17.—The Ministers of the Powers are considering the question of taking action on the customs question. While the Chinese assurances are plausible, there are strong evidences that the authorities fully intended to replace the foreigners in the service by Chinese when they are in a position to do so.

In conversation between Foreign Ministers and the Chinese officials, the latter maintain an independent attitude, intimating that the question is one with which foreigners have no right to interfere.

It is considered significant that the edict was issued without any previous consultation with Sir Robert Hart and immediately after the departure from Peking of the Ministers of three of the leading powers.

BERKELEY OFFICER
"LOST" FOR 12 HOURS.

BERKELEY, May 17.—Robert Woolley, about six years of age, was brought to the police station yesterday afternoon by Sam Sperry of 1514 University avenue, who said that he had picked up the youngster near the American Brewery in West Berkeley. Little Robert was accompanied by a faithful cocker spaniel, a brown dog who would not leave his youthful master's side, even when brought into Chief Vollmer's private office.

Young Woolley told a very weird story to the police that he was a fire refugee from the Patroero district in San Francisco; that he had come over the bay and had been living at the relief camps ever since. The only information that Robert could give about his parents was that his father's name was Jim and his mother's name was Mary. He said that his school teacher's name was Miss Colmore.

The youngster was put to bed last night and his spaniel was taken to the pound. Early this morning Woolley's parents were located as living at Forty-ninth street in Oakland. They came out to the Berkeley station and claimed their son and his dog. They put little Robert's story in the shade by declaring that he had never been out of Oakland and Berkeley in his life.

SEND TOTS
TO INFIRMARY

ALAMEDA, May 17.—Six of the little children who were being cared for in the gymnasium of the Unitarian church on Grand street have been sent to the county infirmary. The little ones had contracted a low fever while at the Presidio in San Francisco and in order to prevent any spread in the local quarters, it was decided to send the tots to the infirmary. Drs. Fletcher, Lum and Van Orden and eleven attendants have been ministering the little ones in the gymnasium.

The children were formerly located in the orphanage situated between Geary and Post streets and Franklin street and Van Ness avenue, San Francisco. The institution was in charge of the San Francisco Ladies Relief Society.

At the time of the fire the ninety children were taken to the Presidio and then brought to Alameda. For the first ten days the kids afforded food for the little ones.

The health of the children has, for the most part, been excellent, notwithstanding the fact that during the days of their stay at the Presidio before coming to Alameda they were exposed to miasmas and to the various ill effects of bad drinking water and damp bedding.

LOST BOY AND
DOG IN BERKELEY.

BERKELEY, May 17.—John W. Pearson, a policeman connected with the Berkeley police department, was a lost man up to this morning. For twelve hours "Jack" could not be located and his wife, assisted by the Berkeley police, were making a frantic search for the lost officer.

Pearson reported for duty night before last at 8 o'clock in the evening and made hourly reports up to 3 o'clock yesterday morning. But since that time he could not be located. Late yesterday morning his wife telephoned Chief Vollmer and asked the whereabouts of her husband. Vollmer consulted the book and found that Pearson had reported at 3 o'clock, but no trace of him could be found after that hour.

But when the chief of police happened to run across Sergeant Parker of the night squad he found that the truant officer had been sent on a special detail, which fact was not recorded in the police record, hence the ignorance of the department with the exception of Sergeant Parker.

CIVIL SERVICE.

WASHINGTON, May 17.—A permanent organization of the Civil Service Commissions of the country was formed as a result of a meeting of the representatives of State and municipal civil service commissions with that of the general government, which came to a close yesterday. Its object is the promotion of the civil service reforms throughout the country by supplying information to national State and municipal civil service commissions.

These officers were elected:

President—Charles S. Fowler, New York City Commission.

First vice-president—Dr. J. C. Mason, New York.

Second vice-president—Henry Sherwin.

Secretary-treasurer—John T. Doyle, of the United States Civil Service Commission.

ENTERTAIN ROYALTY.

LONDON, May 17.—The Lord Mayor and Corporation today entertained the Prince and Princess of Wales at the Guildhall and presented them with a congratulatory address in commemoration of their Indian tour.

Exactly thirty years have elapsed since King Edward, then Prince of Wales, was the central figure of a similar welcome on his return from his eastern tour.

Today's reception was preceded by the usual procession through decorated streets. About 800 persons sat down to luncheon at the Guildhall, including the German Burgomasters, who are now visiting London. They were the only foreigners present.

DESTROYED BY FIRE.

BRAINERD, Minn., May 17.—At Cross Lake, between five and six million feet of logs, nearly all white pine of high grade, have been destroyed by forest fires.

CHEAPER
TO MARRY

That it is cheaper to remarry than to pay the fee in a suit to quiet title to property was brought forcibly to the minds of the attaches of the County Clerk's office this morning, when Mrs. Elizabeth Goerner Marson, who said she was a "business woman," applied for a license to re-wed Charles Henry Marson, her husband of more than a year.

It is to straighten out their property interests that the Marsons will remarry, and the clerks figured out that a suit to quiet title would require \$6 for the filing of a complaint, whereas a marriage license cost only \$2, and Justices of the Peace jump a t the chance to unite couples at \$3 per. It would not require a mathematician to make the subtraction and find that the Marson plan is cheaper by a dollar.

The Marsons were married in San Francisco January 7, 1905. The clerk who issued the license inadvertently made it out to Henry Charles Marson instead of Charles Henry, and thereby hangs their difficulty. Recently the couple moved to Fruitvale and purchased valuable property there. But the deed to the property was made to Charles Henry and Elizabeth, their true names, while the husband of Elizabeth, according to the marriage license, was Henry Charles. They consulted an attorney, who decided that the discrepancy clouded the title and advised a friendly suit or a remarriage. The latter course was decided upon and the Marsons are richer by a dollar.

When Mrs. Marson appeared before Cupid Paul Wuthe this morning she was armed with the written consent of her husband to the marriage, which was couched in the following language:

"Alameda County, May 17, 1906.

"To the Clerk of Alameda County, California—Dear Sir: Will you please issue a marriage license to wed Elizabeth Goerner Marson, aged 23, and myself, Charles Henry Marson, aged 31 years, both residents of Alameda county, California.

"CHARLES HENRY MARSON."

Wuthe issued the license and Mrs. Marson paid the \$2 fee and departed.

REPAIRING CHIMNEYS.

BERKELEY, May 17.—Chimneys in Berkeley are being repaired as rapidly as the workmen can do so. Last week more than one-third of the chimneys were reconstructed. It is the opinion of Chimney Inspector Bull that about 8000 chimneys were injured in this city. Today the inspector reports that all the chimneys have been repaired, inspected and passed upon.

AT THE MACDONOUGH.

The Elletford Mack Company continues to back the Macdonough, with the comedy-drama, "The Plunger." It will be given four nights more and there will be matinees Saturday and Sunday. Next Monday night the farcical comedy, "Hello Bill," which the New York Herald describes as "legitimate fun from beginning to end, and one of the best offerings of the season," will be presented with a strong cast, which will include Jim Corrigan, Norval McGregor, George Webster and the entire Elletford Mack Company. Alpha Gertrude Clark, a handsome and talented young actress, will make her first appearance.

BOY LOST.

Boy Lost.—Twelve years old, German descent, light hair, brown eyes, and slender build. Dressed in suit of corduroy. Last seen at lower Fruitvale school on the 14th inst. Suitable reward will be given to anyone returning him to the State Savings Bank, Oakland, Cal. or telegraphing information concerning his whereabouts.

BANKS TO REOPEN ON NEXT WEDNESDAY

SAN FRANCISCO, May 17.—The commercial banks of San Francisco will open for regular business next Wednesday, May 24, at 10 a. m.

The following resolution was adopted at the regular meeting of the Clearing House Association yesterday morning: "Resolved, That the banks, members of the San Francisco Clearing House, are open for regular business on Wednesday, May 24, at 10 a. m."

The resolution was adopted by an almost unanimous vote, and L. Steinhart of the Anglo-American Bank remarked in accents of approval and gratification: "The child is born."

Homer S. King, president of the Clearing House, said after the adjournment that practically all the banks would open in their former locations and proceed to business just the same as before the fire. "They may not all be ready with their temporary structures and will have to cover them in with canvas and perhaps go to work without windows," said President King, "but those that are not prepared to go down town can proceed to do regular business in their temporary offices up town. The old quarters of some of the banks were so little damaged that they were quite ready to be sufficiently to permit of their occupancy. These banks, of course, have the advantage of quarters that they will have to do business with the dust and dirt sitting through their temporary wooden structures."

"There has never been any question of finance involved in the opening of the banks. There has always been more than money enough in business, under the circumstances, but the vaults not having been open, books and papers essential for the proper conduct of business were not available."

"The banks will open at 10 o'clock next Wednesday morning and proceed to the transaction of the clearing business, under Clearing House rules and just as though nothing had happened."

It will be of the interest of all the banks in the Clearing House Association to deposit their checks as soon as possible, so that they may be cleared under the following resolution adopted yesterday by the association:

"Resolved, First, that the checks held by the banks, members of the San Francisco Clearing House Association, deposited with said banks on April 17, 1906, be cleared at 10 o'clock a. m. on Saturday, May 19th, and that balances resulting from said clearing be settled by 12 o'clock noon, in United States gold coin or by check on the San Francisco Clearing House Bank."

"Second, that checks received by the banks, members of the San Francisco Clearing House Association, subsequent to April 17, 1906, before May 21st be cleared at 10 o'clock a. m. on May 21st, and that balances resulting from said clearing be settled by 12 o'clock noon, in United States gold coin or by check on the San Francisco Clearing House Bank."

"Third, that reclamations for rejected items be made directly between the banks concerned, as usual, and that those reclamations shall be made during the business hours of the day of clearing house of the succeeding day."

The early opening of the commercial banks is due to the readiness of some of the larger institutions that wished to open not later than next Monday. Outside banks and brokers were doing a large business that the San Francisco institutions should have had and the representatives of the local repositories fretted under these conditions, which were especially aggravating because the commercial

banks were amply able to do this business themselves, having on hand \$60,000,000 in coin and active securities, which was more than enough to meet this or almost any other financial crisis.

During the past three or four weeks the commercial banks have been doing both an emergency and a special or new business, and some have made a close approach to regular business. In this time the representatives of the banks have had opportunity to sound the situation and now know exactly what they will have to meet when they open for any and all business that may present itself. They know that in opening their doors wide to business without limitations they are taking no risk, and they believe in view of the experience of the past two weeks that not only will their receipts of coin exceed the withdrawals, but within a short time they expect to be sending money East again for a market. Banks with coin and active securities aggregating \$60,000,000, to say nothing of their credits, can guarantee their own stability and meet this situation with a large margin to spare.

The savings bank situation appears to be equally encouraging. The Hibernia Bank is ready to have a reserve of \$15,000,000 in United States bonds and \$10,000,000 more in other gilt-edged securities that are equivalent to coin. When the savings institution opens on Monday—the 21st of May—they will be prepared to do business on a scale that will be a surprise to their depositors. Already some of the savings banks have been accommodating, in small sums, their depositors who were known to them and who were in distress. The delay in opening has been due, in the main, to the impracticability of a bank with 50,000 depositors, like the German, or with 80,000, like the Hibernia, doing business on regular lines without their books and accounts.

The City and County Bank, at Sixth and Stevenson streets, opened for regular business at 10 o'clock yesterday morning. At that time there were two business men in waiting, and they told Cashier A. Tenn that, in view of the energy and courage of the bank in resuming in that section at this time, they wished to open an account. They represented the Greater San Francisco Lumber Yard, and made a deposit of \$10,250. The deposits for the day aggregated \$110,000 and the withdrawals were less than \$1000.

The First National Bank, at Bush and Sansome streets, opened its vault yesterday. The books and papers had been discolored by the heat, but the entries were legible. As bank bookkeeping is very simple, the books can be easily duplicated and the work done at once, as the patched condition of those recovered yesterday will not permit of their being used for general business.

The Crocker-Woolworth National Bank expects to move into its old quarters in the Crocker building, at Market and Post streets, on Monday next.

REIGN OF TERROR FINDS THE BABY DEAD

NEW YORK, May 17.—A cable dispatch to the Herald from Cagliari, Sardinia, says:

Strikers yesterday ordered many of the inhabitants to put out flags at half mast. They burned the octroi houses and wrecked the railway station, custom house and slaughter house. They then took up the tramway tracks and threw many cars into the sea. Hundreds of cases of merchandise at the custom house were also thrown into the water.

Bread and food are lacking. Two of the mob who were wounded Tuesday died yesterday and three others are dying. Among the soldiers twenty more were wounded yesterday in conflicts with the strikers.

Disorders have broken out in other towns on the island. Octroi and railway stations have been burned, telegraph wires cut and the poles destroyed.

**LOSES FINGER
IN MACHINERY**

Hartley Kitchen, a millhand of 33 Fifty-eighth street, caught his left hand in a shaper at a stair-building shop at 528 Second street yesterday and the little finger was amputated by Dr. Kotord at the Receiving Hospital.

POND'S EXTRACT
THE OLD FAMILY DOCTOR

CHICAGO, May 17.—At the end of a weary two-mile walk, Rosa Goldberg, eight years old, laid her one-year-old brother down at the county hospital yesterday and asked in broken English that he be admitted for treatment. The clerk looked at the baby face and then at the girl in wonder. The infant was dead.

Rosa is the daughter of Joseph Goldberg, a shoemaker, who came from Russia three months ago. The girl has been the only nurse to two younger children.

The baby was taken with measles and whooping cough and neighbors at length prevailed upon the family to have it taken to the hospital.

With the few English words at her command Rosa inquired the way to the county institution. It required considerable explanation to persuade the girl that the baby was past medical aid and could not be received. Then she quietly lifted up the body and started for the door, intending to return with it in her arms to her father's house. The hospital authorities with difficulty convinced her this would not do, and that the body must be taken to the county morgue. Weeping she carried the child to the morgue in the south part of a group of buildings.

**NEEDLE IN HAND
WHILE WASHING**

Mrs. M. Snedae, a refugee who is now living at 555 Harrison streets, was treated at the Receiving Hospital for a wounded thumb that was caused by an unusual accident.

She was washing clothes and in one of the garments she had been mending was a long needle which ran nearly an inch into her thumb and was broken off. She went to the hospital, where Dr. Reine removed the needle.

NOW DESERTED.

RENOWN CIGAR—FIVE CENTS

The "A" on the box is the American Cigar Company's merit mark. It represents the perfection of new, scientific processes of curing and blending that bring out all the finest qualities of the leaf and wonderfully improve tobacco quality. The result to the smoker is cigars of rich, mellow and consistent quality. These cigar virtues are embodied in the Renown. Try one and you will get more smoke value for a nickel than you ever got before.

MORMON CHURCH WILL RETIRE

SALT LAKE CITY, May 17.—The Mormon Church is going out of business, according to a local morning paper. Its principal holding in Salt Lake, the Utah Light & Railway Company, is to be taken over by a \$25,000,000 corporation composed of English and American capitalists.

The new company will also acquire the Ogden street railway, and build an electric line from Juab county, Utah, to Oneda county, Idaho. It will be known as the Intermountain Consolidated Railway Company, and will be incorporated both in Utah and Idaho. The board of directors will include H. H. Wreeland, New York City; Baron D'Ossil, Paris; Sir Thomas Jackson, London; William G. Rathbone, Manchester, England; Alexander McKenzie, Ottawa, Canada; Henry Dupont, Paris; Beresford Hope, London, and a number of Utah men, among them Governor John C. Cutler. The enterprise will be financed through the Intermountain Trust Company, incorporated in Utah and Idaho a few days ago.

Simultaneously the announcement is made that the Salt Lake & Los Angeles Railway, another church property, has been sold to local capitalists for \$500,000. This road is thirteen miles in length and runs from the city to the lake.

President Joseph F. Smith of the Mormon Church is quoted as saying that the divorce of religion from business is made on account of the fact that the Mormons whom the church sought to protect years ago no longer need the protection of the church in business affairs. The church entered business to assist converts and strangers belonging to the church, but as they are now on a firm footing, the church would withdraw from business entirely. If this policy is completely carried out the sale of the traction interests will be followed by sale of stocks in banks, sugar factories, the great Z. C. M. I. department store and many similar enterprises. It will be nothing less than a commercial revolution, which will profoundly affect the political and social life of the State.

APARTMENT HOUSE FOR BERKELEY.

BERKELEY, May 17.—Work will soon be commenced on an apartment house which will cost in the neighborhood of \$70,000 and will contain one hundred and fifty-five rooms. The building will be erected by Mrs. A. C. Stevens, the well known capitalist of this city, and will be located on the site extending from Dwight way to Haste street, between Ellisworth and Dana streets. Plans for the structure have already been drawn and the permit for its erection was issued yesterday. The apartment house, which contains forty separate suites in a building of four stories, will be the largest building of its kind in Berkeley. It will probably be known as the Lafayette.

The length of the lot on which the Lafayette will be built is 270 feet with frontage of 72 feet on Dwight way and Haste street. The apartment house itself will not occupy all the site but is planned to be 240 feet long and fifty feet wide. It is the longest structure that Newsum & Newsum, the architects, have ever erected outside of the buildings at the Midwinter Fair.

As the new building will contain all the latest ideas in apartment house construction it will be modern in every sense of the word. The plans call for a hotwater system throughout the house and electric lights in every room and gas piped to the kitchens. The colonial style of architecture will be the main plan of construction and the interior will be finely finished in white pine and redwood. There will be two entrances, one on Dwight way and the other on Haste and spacious hallways will run the entire length of the house.

On the Dwight way side, on the ground floor will be two large dining rooms, each 65x121 in dimension. Back of the dining room on the order of the big hostels will be the kitchen, pantries, butcher shop and servants' rooms.

A large rotunda with an attractive skylight will occupy the center of the structure. Each side of the apartment house will be relieved by four sets of bay windows. A driveway will be constructed on the east side of the building with plenty of room for wide approaches.

As yet the contract for the erection of the building has not been let but it is estimated that the cost will total between \$40,000 and \$50,000. The cost of furnishing the halls and inside fixtures will run the total cost up to \$70,000.

Mrs. Stevens the owner, will occupy a suite of nine rooms on the first floor of the building facing on Dwight way.

PLEADS GUILTY.

Henry Marks, charged with a felony, pleaded guilty in Department of the Police Court yesterday to two charges of vagrancy, the charge against him having been reduced. The authorities, after a conference, decided that it would be impossible to secure a conviction on the more serious charge, and Marks agreed to enter a plea of guilty to the lesser one was placed against him. He will be sentenced on June 1st.

BERKELEY MEN ASKED.

BERKELEY, May 17.—The scientists at the University have been asked to attend the eighth international congress of agricultural scientists, which will be held in Vienna in March, 1907. Announcements and invitations have been sent to the University professors urging that delegates be sent from the University to confer with the European scientists on the problems in agriculture, horticulture, forestry and kindred other sciences.

Solistics Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 322 1/2 Clinton street, Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond description. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted if troubled with sciatica or rheumatism. He did not try a 5-cent bottle of Pain Balm and so for himself how quickly it relieves the pain. For sale by Ogden Bros., Broadway, corner 7th and Washington, corner 10th.

A Cold Prevented Him From Taking Part in the May Day Moving.
New York Herald: This being moving day, Mark Twain had increased his mood. But he was, which increased his tendency to bronchitis, and he was so ill that he refused to insist on his keeping to his house and room. He will not take part, therefore, in New York's spectacle of celebrating May day.

By Saturday he hopes to be able to start with his family for Dublin, Ireland, where he had planned to go for the summer. There he plans to work two hours a day and do what he pleases with the others.

"I shall dictate two hours a day of my autobiography," he told callers through his secretary, "and that autobiography will be the last I expect to do for the rest of my life."

His busy winter began in November.

planning a third party to overthrow the government. Then he denounced the government for the Congo cruelties; gave a lecture on "Editorial Wild Oats"; and then he was elected to the legislature.

White House; went through a dinner in honor of his birthday, and made a speech on "How to Be Seventy."

With Sarah Bernhardt he gave her at the meeting to aid Hebrew sufferers from the disbarment of Russia, received a crowd of hay at the Mar. Twain celebration of illustrators; addressed the Women's University club; wrote a letter to the Russian royal court; and a speech at the Russian Players' club; made a speech for Booker T. Washington's negro world; another for the blind; another for the Young Men's Christian association; and another in support of assistance to the distressed residents of St. Francisco.

He was the most popular man in New York all winter, sought after by a powerful and influential crowd. Preventing abuse in the Social, the Prevention of Cruelty to Animals, and agitating against modern slave trading in Africa.

"It is a busy winter," he said yesterday, "and I enjoyed it all."

IN FAVOR OF BRANCH

At tomorrow's executive meeting the Fire Underwriters' Adjusting Bureau will complete its plans for the occupation of the ferry building at San Francisco. Two factions exist in the bureau regarding what shall be done. One faction—and it is the one which was in control at the time of the conference with the special committee of the San Francisco "down town" property owners—favors the installation of a branch of the bureau in the ferry building, the main body holding its sessions as before, at Reed Hall headquarters. The other faction, which has been led by Rola V. Watt, wants to move everything to San Francisco. Yesterday he invited all the companies desirous of obtaining quarters for their representatives in the ferry building to register their names so that accommodations may be provided for them. This morning about a dozen companies had put in their applications. The accommodations provided for them consist of a row of small stalls, in each of which a clerk may be quartered to impart information to inquiring policy holders interested in his particular company. It will be utterly impossible for these clerks to transact any business there, except to acknowledge the receipt of claims by those who have suffered losses by fire, as the books of their various companies will be in the office occupied by the general agents in this city, many of them under leases extending a long period of time.

The "business men" sold one of the most influential members of the organization, "that the bureau will decide tomorrow to open a branch at the ferry building and that the main body will carry on its business here which will hasten the business of the adjustment of losses. The Board of Fire Underwriters will retain their hall as its headquarters any day, for the simple reason, if none other existed, that it has taken a six months' lease on the premises."

ARCHITECTS WILL MEET SCHOOL BOARD.

The architects in charge of the erection of the new public school buildings of Oakland will confer with the members of the Board of Education tomorrow evening, regarding changes in the plans and specifications of the new schools, made necessary by the determination of the Board to render the structures as nearly as possible, earthquake proof.

BERKELEY BOARD TO HOLD A MEETING.

Berkeley, May 17.—The Board of Trustees will meet tonight to consider the proposition of bonding the town. The trustees will meet as a committee of the whole, as a local option of the board cannot be held on account of the holidays declared by the governor.

SAILORS CHARGED WITH BURGLARY.

C. M. Bingham and O. A. Krick, two sailors who were arrested by Detective Fenton on suspicion of having stolen from a Southern Pacific freight car ladies' furs and two pairs of ladies' shoes, which were found in their possession, were formally charged with burglary this morning by Railroad Detective J. Mahoney.

MARRIAGE LICENSES.

The county clerk of Alameda county has issued the following marriage licenses:

Frederick Schwaba, 21, and Genevieve Celeste Bassot, 17, both of Berkeley; Frank Ignatius Kelly, 31, and Agnes Robertson, 24, both of San Francisco; Emil Henry Spilting, 30, and Annie Mary Wagner, 20, both of San Francisco; William J. Mitchell, 27, of Calhoun, Mexico, and Lucy Mary Quinn, 23, of Oakland; Charles Henry Marshall, 31, and Elizabeth K. Marston, 33, both of Fruitvale; Robert E. Sales, 27, and Gertrude E. Kotz, 22, both of San Francisco; Marcelus L. Henderson, 35, and Katherine Degelman, 23, both of Oakland; John P. Eckman, 27, of Oakland, and Miss Shannon, 19, of San Francisco; Walter L. Wilcox, 31, of San Francisco, and Beatrice J. Kelly, 27, of Mill Valley; Stanley H. Rich, 26, of Oakland, and Isabelle M. McCulloch, 27, of Chicago; Earl Dorr Eddy, 24, and Wella Weaver Eulus, 24, both of Piedmont; Samuel J. Flinders, 25, of Milbrae, San Mateo county, and Hattie L. Kane, 30, of San Francisco.

NO COMPLAINT FILED.

Frank Cooper, charged with battery by W. J. Brady was dismissed this morning when his case was called in Department One of the Police Court, the complaining witness having filed no complaint.

EXPRESSES HIS OPINION.

LONDON, May 17.—Foreign Secretary Grey informed a questioner in the House of Commons today that there was no reason to believe that the position of Sir Robert Hart as Director of the Chinese Customs had in any way been affected by the recent Chinese imperial edict.

MICHAEL DAVITT IMPROVES.

DUBLIN, May 17.—Michael Davitt, who was operated upon yesterday for the second time for blood-poisoning, was reported today to be much improved.

J. T. MORAN

wishes all his friends to know that he will still
be found at the old corner

Eleventh and Broadway

--he's been there for 28 years

--and is good for 28 years more

We've got a new landlord, that's all.

In a few weeks he will fit us up with a newer, better appointed, better lighted store, with a new, convenient entrance on Eleventh street, as well as on Broadway, and handsome show windows all the way round.

And now, and in the future, just the same as in the past Moran's will always be the Store where men can shop with confidence.

BIG TENT THEATER

CHICAGO, MAY 17.—The mammoth

tent will be erected in San Francisco as an auditorium for the first theatrical performance to be given in the city since the earthquake. It will be erected at the former site of the Majestic Theater, on Market street, between Second and Eighth streets, in the heart of the ruined business district. It will be the home of melodrama and plays at popular prices.

The last performance given beneath this tent was the monster theatrical benefit on the lake front, in Chicago, under the auspices of the Chicago 15-club, in aid of the "Frisco" sufferers. The next performance under the same tent is to take place in the heart of the stricken city. Yesterday a contract was closed by wire with W. F. Comer, manager of Madame Bernhardt, for the purchase of the tent for \$250.

Mr. Dodge, who is stopping at the Palmer House, immediately made arrangements to ship the big tent to San Francisco, and it is expected to arrive tomorrow morning and before nightfall had completed the contract by wire.

DEATH A SHOCK.

ALAMEDA, May 17.—Very unexpected was the death of little Robert Shayne Woodside, youngest son of Captain William J. Woodside, who passed away suddenly Tuesday night at his father's home, 1016 Grand street. He was a native of California and six years of age.

He was the brother of Marian, Florence, William J. Jr., Walter S. Edward A. and James McConnell Woodside.

His demise comes as a great blow to the family. The lad complained of a slight illness and Dr. Bull was called to attend him. The doctor gave some preliminary orders, and the family carried these out. The little fellow passed away shortly afterward, however. The cause is given as convulsions. An autopsy was held yesterday morning and an inquest will probably be held Saturday.

TO ABOLISH RULE.

DES MOINES, Iowa, May 17.—The River Brethren, in National Conference here today, officially decided to abolish the rule which for years has prohibited members of the church being photographed, this being considered a sign of vanity.

PLEADS NOT GUILTY.

Elijah Blake, colored, charged with cruelty to a minor child, was arraigned in Department 2 of the Police Court this morning, and his case was continued to May 24 to be set. Blake having pleaded not guilty.

GIVEN FREEDOM.

Judgment was suspended by Police Judge Samuels in the case of Gus McGuire, charged with gambling. McGuire was arrested for shooting craps.

BURGLARS MADE A RICH HAUL

ALAMEDA, MAY 17.—The burglary

of the Fries residence Tuesday night has developed into a more serious affair than it was at first thought.

Following is a list of the articles stolen: Cash, \$125; one gold ring, set with diamonds, \$200; one gold ring, set with diamonds and emeralds, \$150; one gold ring, set with rubies and diamonds, \$350; one gold buckle, \$100, and other miscellaneous articles. The loot aggregates \$1269 in value.

The thief left one good clue, which leads to the supposition that he is a horseman. It was a job, with a design of a horse's head set in a horseshoe and a saddle on the chain. Detective Brown is working on the case.

OVER ONE DAY.

The case of Fred Sinclair, charged with petty larceny, was continued to May 18 to file a complaint, the case having been called for the first time this morning in Department 1 of the police court.

LATE CARS.

ALAMEDA, May 17.—Hereafter is a schedule of the owl cars running to and from Alameda: The last car leaving Alameda for Oakland, by way of East Oakland, leaves at 11:50 p. m.; the last car leaving Oakland, coming through East Oakland, leaves at 12:30 a. m.; the last car down Santa Clara ave., toward Oakland, leaves at 1:20 a. m.; the last car from Oakland, coming down Santa Clara avenue, leaves the City Hall in Oakland at 12:44 a. m.

NEW SCHEDULE.

ALAMEDA, May 17.—A six-minute schedule was commenced on the Santa Clara avenue line yesterday. A fifth car is being run and this has done much to relieve the congestion on these lines.

NEW RESTAURANT FOR OAKLAND

Starr & Co. of San Francisco have

leased the Empire Theater building on Twelfth street, between Broadway and Washington. The ground floor will be used for a large restaurant.

DEMANDS JURY TRIAL.

John H. Brady, charged with having violated the liquor ordinance by selling whisky to two boys, Charles E. Row and Frank McKenzie, pleaded not guilty in Department 2 of the Police Court this morning, and demanded a jury trial. Judge Smith set the case for trial on June 5.

ARE SET FREE.

The cases of Joseph A. Hartman and C. W. Morse, who were charged with violation of the liquor ordinance, were stricken from the calendar by Police Judge Smith this morning, no complaint having been filed in either case.

W. O. W. ELECTION.

ALAMEDA, May 17.—The members of the Woodmen of the World will hold an election on Friday evening, May 25th. All officers with the exception of clerk and banker, will be voted on. The nominations will be made on Friday evening, May 18th.

PIEDMONT RINK.

The popularity of roller skating continues to be evidenced by the crowds that throng the Piedmont Rink. Last evening was ladies' night, and the members of the fair sex swarmed upon the floor in great numbers, presenting an attractive sight, with their bright, summery gowns and flushed faces.

The management of the rink is arranging for a number of special events to take place in the near future and several races are to be held within the next few days.
